PLU 9th Annual Middle and High School Programming Contest
February 2019 Contest Results

The Ninth Annual Pacific Lutheran University Middle and High School Programming Contest was held Saturday, February 2nd , at the Morken Center for Learning and Technology.

Forty-seven teams registered for the contest with 104 students from 30 schools competing for awards and prizes. More information about the contest (e.g., scoreboard, pictures, and problems) can be found at https://www.plu.edu/computer-science/hs-prog-contest/

Congratulations to the following teams:
Advanced Category:
1st Place – Liberty High School – Team: //TODO: Documentation
 (11 problems in 591 minutes)

2nd Place - The Bear Creek School – Team: Quicksort
 (11 problems in 639 minutes)

3rd Place – Mercer Island High School – Team: MIHS Programmers
 (10 problems in 918 minutes)

Novice Category:
1st Place – Garfield High School – Team: //TODO
 (12 problems in 613 minutes)

2nd Place – Interlake, The Bear Creek, Tesla STEM – Team: Binary Fission
 (12 problems in 714 minutes)

3rd Place – Newport High School – Team: KnightsCC
 (12 problems in 817 minutes)

All the winning teams received engraved medals and the top team in the advanced category won a perpetual trophy that is engraved with their names and the name of their high school. The winning team will retain the trophy until September to be displayed at their high school.

This year the top represented school was Skyline High School with 5 teams. We also had our first school from east of the Cascades - cheers to Ellensburg High School. Many thanks to all the schools, students, and coaches for their participation.
